# Tofail Alam

## Software Engineer · .NET Developer — Principal Officer, BRAC Bank PLC

Dhaka, Bangladesh · tofailalamtushar123@gmail.com · github.com/tofailalamtushar · tofailalamtushar.github.io · linkedin.com/in/tofail-alam-tushar-99a923119

## SUMMARY

Software engineer building web applications professionally since 2018, mainly with C#, ASP.NET Core, Angular, SQL Server and Oracle. Experienced in banking software — e-KYC, internet banking, bill collection, cheque clearing and biometric verification — used by several banks in Bangladesh, with integrations across national ID verification, mobile financial services, payment networks and utility providers. Also delivered freelance work for a US-based client.

## EXPERIENCE

**Principal Officer** — BRAC Bank PLC 2026 – Present

- Software development for the bank's digital and fintech applications with ASP.NET and SQL Server.

**Software Engineer II** — Brain Station 23 Sep 2025 – Feb 2026

- Developed a banking web application with ASP.NET 8 MVC and SQL Server.
- Worked onsite at the client as part of its fintech project team.

**Senior Programmer** — Flora Systems Ltd Mar 2023 – Aug 2025

- Developed web applications for banks with ASP.NET Core, Angular 9+, SQL Server and Oracle.
- Integrated payment networks, mobile financial services, utility-bill aggregators and identity-verification APIs.

**Programmer** — Flora Systems Ltd Mar 2020 – Mar 2023

- Developed web applications for banks with ASP.NET Core, Angular 9+, Blazor Server, SQL Server and Oracle.

**Junior System Analyst (.NET Developer)** — Transcom Beverages Ltd Nov 2018 – Feb 2020

- Developed a secondary-sales automation web application based on company business policy with ASP.NET MVC, Entity Framework and SQL Server.

**Intern Software Engineer** — Enlight Solutions Ltd Apr 2018 – Oct 2018

- Developed single-page and web applications with ASP.NET Core, Angular 6 and SQL Server.

## SELECTED PROJECTS

**E-KYC Web Application** · Angular 9, ASP.NET Web API 2 → .NET 6, SQL Server, Oracle · 4 banks

- NID verification via Porichoy and Election Commission APIs; document OCR and face matching using AWS; fingerprint scanner and signature pad integration; reCAPTCHA; email and SMS.

**Internet Banking Web Application** · Angular 13, ASP.NET Core 5, SQL Server, Oracle · 6 banks

- Account summary and statements; intra- and interbank transfers (NPSB); DPS/FDR opening; bKash, Nagad and Rocket integrations; utility bills and top-up via SSL and EkPay; TAP bills; corporate bulk EFT; auto-challan and e-commerce payments.

**Utility Bill & Revenue Collection System** · Angular 13, ASP.NET Core 6, SQL Server, Oracle · 3 banks

- EkPay, SSL and TAP bill payments; National Pension Authority API; core banking posting; cash, cheque, account and GL transactions; reconciliation reports and dashboard.

**Fingerprint Scanning & Verification System** · Angular 13, ASP.NET Core 8, EF Core, SQL Server, Oracle

- Agent task assignment, device-based fingerprint capture, verification against the Election Commission server, reports and dashboard.

**BACH Cheque Clearing Application** · Angular 13, ASP.NET Core 6, SQL Server, Oracle

- Bundle creation, item scanning, outward and inward posting and authorization, clearing file generation, core banking integration.

**IDTP PIM API** · ASP.NET 6

- User and device registration, PIN management, direct pay, request-to-pay flow, reconciliation and settlement, transaction status.

**Shubidha Web Application** · ASP.NET 8 MVC, SQL Server · Brain Station 23

- Assistant and partner modules for a banking client's fintech project.

**Secondary Sales System** · ASP.NET MVC 5, Entity Framework, SQL Server · Transcom Beverages

- Distribution challans, promotional offers, shop orders and delivery, route assignment, MIS and KPI reports, dashboard.

**Inventory & Sales Management System** · Angular 7, ASP.NET Core 2.2, SQL Server · Freelance, US client (Fiverr)

- Product catalogue, purchases, sales, inventory/purchase/sales reports and dashboard.

## SKILLS

| | |
|---|---|
| **Backend** | C#, .NET / ASP.NET Core, ASP.NET Core MVC, ASP.NET Core Web API, Entity Framework Core, LINQ, dependency injection, authentication & authorization |
| **Frontend** | Angular, TypeScript, JavaScript, Blazor Server, Razor views, HTML5 & CSS3, Bootstrap |
| **Databases & reporting** | Microsoft SQL Server, Oracle Database, T-SQL, stored procedures & functions, query tuning & indexing, RDLC reports |
| **Integrations** | bKash, Nagad, Rocket, NPSB, EkPay, SSL, NID / Election Commission verification, AWS OCR & face matching, biometric devices, core banking, email & SMS |
| **Engineering practice** | OOP & SOLID, design patterns, layered architecture, RESTful API design, error handling & logging, Git & GitHub, debugging & production support |

## EDUCATION & TRAINING

**B.Sc. in Computer Science & Engineering** — Daffodil International University — 2018 · CGPA 3.53 / 4.00

**Higher Secondary Certificate** — Lighthouse Career College — 2013 · GPA 5.00

**Dakhil** — Gopalpur Darul Ulum Kamil Madrasha — 2011 · GPA 5.00

**Professional Application Development in ASP.NET MVC & ASP.NET Core** — BITM & Technobd Web Solutions
OOP in C#, Entity Framework, layered architecture, jQuery, AJAX, HTML, CSS, SQL Server
